Alpha Accounting Offering Free Seminar to Help Local Businesses Survive Economic Crisis.

RALEIGH, NC – Leslie Hamm, president of Alpha Accounting will demonstrate how mid-sized companies can survive the economic crisis by utilizing the new QuickBooks Enterprise 9.0 software at a Free QuickBooks Enterprise Breakfast 8 a.m. on March 25 at the Morrisville Chamber of Commerce.

One of the biggest challenges business owners encounter is poor recordkeeping that makes it hard for them to know where they stand financially. This seminar explains why having control over your books can help you trim unnecessary expenses. Alpha Accounting, the only Intuit Solution Provider in the Triangle, presents this one-hour seminar free of charge. Attendees will be able to participate in a Q&A session and will have hands-on experience with Enterprise's new specialized applications. The QuickBooks Enterprise SaaS applications to be demonstrated include Field Services Management, Warehouse Management, Business Analysis and Sales Management.

"Enterprise is a great tool for companies that want to understand the relationship between their processes and ongoing costs," said Leslie Hamm, Alpha Accounting president. "We decided to offer this seminar to let local companies know that QuickBooks Enterprise is the lowest-cost accounting software in the mid-size business market. QuickBooks is not just for small business anymore. It can now compete with Mas90/200, Business Works, SAP, and Great Plains at a cost of 30 to 40% less and offers a much friendlier user interface. You have got to see it in action; you will be impressed."

Intuit QuickBooks Enterprise Solutions helps to streamline the critical operations of your business such as finances, inventory, sales, purchasing and payroll — at a fraction of the cost of other systems. Go far beyond financial management with a new line of business software from Intuit that works seamlessly with QuickBooks Enterprise Solutions to manage sales activities and opportunities, manage inventory across multiple warehouses, and manage personnel in the field. Over 57,000 growing companies have chosen Enterprise Solutions, helping make QuickBooks the #1 financial management software for mid-sized firms with 20-500 employees.

The FREE seminar is open to the public but requires pre-registration. For more information or to register, visit www.QuickBooksEasy.com or contact Leslie Hamm at (919) 217-2515.
